The benediction was pronounced by the Reverend Arthur A. Callaghan of the Methodist Church. A short reception followed.

Dr. Bradford of Portland was called by Doctor Magnus Ridlon, last Sunday to come here and consult with him in regard to Mrs. Ridlon's illness. Dr. Bradford commended Dr. Ridlon's treatment; agreed with him in regard to the seriousness of the illness.

Dr. Bradford and his wife entertained the L. M. R. C. the afternoon of June 7th. The program consisted of poems about flowers, and all agreed that the flowers were lovely. Dr. Bradford's description, summing up the whole matter by the Scriptural verse: "consider the lilies of the field, how they grow; they labor not, neither do they spin; yet I say unto you, that even Solomon in all his glory was not arrayed like one of these." The social hour was much enjoyed, as the flowers were cream and cake were served by the hostess.

Mrs. Mary Page entertained the L.

## Zone of Kelvination

Picture a metal freezing unit, thickly coated with white frost, in the ice compartment of your own refrigerator. Imagine this freezing unit nearly twenty degrees colder than ice. This is Kelvinator Electric Refrigeration.

It works a wonderful transformation in any refrigerator. First of all it makes it colder. Second, it causes all moisture to disappear from the inside of the refrigerator. The air becomes dry—as crisp and sharp as the air on a frosty morning.

This dry cold is the wonder-working Zone

of Kelvination. It not only keeps foods fresh and appetizing for days, but actually improves them.

In the frost-covered freezing unit there are trays where cubes of ice can be frozen for table use. The same trays can be used for freezing sherbets, ices and new and delightful frozen salads.

Kelvinator relieves the user of the annoyance of ice delivery and the inconvenience of caring for an ice box. And is an actual economy.

### Lesson for June 20 JUDAH'S PLEA

LESSON TEXT—Genesis 44:18; 45:15.  
GOLDEN TEXT—A broken and contrite  
spirit, O God, thou wilt not de-  
spise.—Ps. 51:17.  
PRIMARY TOPIC—Judah's Love for  
His Father and His Father.  
JUNIOR TOPIC—Judah's Unselfish  
Offer.  
INTERMEDIATE AND SENIOR TOPIC—  
Sacrificing True to Our Home Folk.  
YOUNG PEOPLE'S AND ADULT TOPIC—  
Showing Devotion to Our Kindred.

The lesson subject should not be, as  
suggested by the lesson committee,  
Judah's plea, but rather Joseph's for-  
giving love. The emphasis should not  
be placed upon the sinning and peni-  
tent brother, but upon the magnani-  
mity and forgiving brother, Joseph.  
1. Joseph's Elevation to the Pre-  
siership of Egypt (41:14-44).  
The circumstances which led to his  
elevation from prison to the position  
of prime minister were:

1. The dreams of Pharaoh's butler  
and baker (ch. 40).  
These were two very important of-  
fices in Pharaoh's court. Their busi-  
ness was to provide the drink and food  
of the ruler and of his household. It  
was most important, not only that  
they were food and drink be provided,  
but that the monarch should be protected  
against poisoning. These officers had  
disputed dreams. He interpreted  
their dreams.

2. Pharaoh's dream (41:1-13).  
For two full years Joseph remained  
in prison forgotten by the butler.  
Pharaoh's dream of the fat kine and the  
lean one and the full ear of corn  
and the blasted one brought to Joseph  
the great opportunity. The failure of  
the wise men of Egypt to interpret this  
dream caused the chief butler to re-  
member what Joseph had done for him,  
whereupon Pharaoh brought Joseph  
out of the prison. He made known to  
Pharaoh that it meant seven years of  
plenty, followed by seven years of  
famine, and suggested that a part of  
the produce of the land be stored up  
during the years of plenty, that there  
might be food for the people in the  
famine period. The plan appealed to  
Pharaoh as feasible. Therefore he  
assigned the task to Joseph and in-  
vested him with authority to execute it.

3. Joseph's Harsh Treatment of  
His Brethren (42:1-4; 4:17).  
Driven by sore need his brethren  
came to Egypt for food. To test them,  
Joseph

1. Accused them of being spies  
(42:1-17).  
He cast them into prison and de-  
manded that their youngest brother be  
brought as a proof of the truthfulness  
of their word.

2. He kept Simeon as a hostage.  
Because he feared God he sent the  
rest home with provisions for their  
families.

3. Benjamin's peril (44:1-13). By a  
clever device Joseph's cup was placed  
in Benjamin's sack and was used as  
an occasion for bringing them back  
on the charge of theft. Convicted of  
their sins Judah pleaded for the re-  
lease of Benjamin.

4. Judah's Plea (44:18-34).  
1. For turning away of Joseph's  
anger (v. 18). He recited the history  
of the family and their coming to  
Egypt and appealed on the basis of  
the effect upon Jacob, their father, if  
Benjamin was not permitted to accom-  
pany them home.

2. That he himself might be kept  
in slavery instead of Benjamin (v. 33).  
3. Joseph Reveals Himself to His  
Brethren (45:1-15).  
1. He declares his identity (vv. 1-3).  
This act on the part of Joseph trou-  
bled them. It ought to have made  
them glad. This not only affords a  
beautiful example of forgiving love,  
but most beautifully illustrates  
Christ's dealing with His brethren, the  
Jews.

2. He bids his brethren come near  
(vv. 4-8).  
When he revealed himself to his  
brethren, the remembrance of their  
sins pierced them through. Joseph's  
first question was about his father.  
Showing that his desire was to put  
their thoughts far away from their  
crime. He invited them to come near  
to him and assured them that God had  
overruled their crime for their salva-  
tion.

3. Joseph sends his brethren away  
with good news (vv. 9-15).  
As soon as Joseph's brethren knew  
him and were reconciled to him, they  
were sent with the glad tidings to  
their father. As soon as the Jews  
came to know Jesus Christ as their  
Messiah, He will send them away to  
the ends of the earth with the good  
news of His saving grace.

## FISHING IN MOOSEHEAD LAKE

STORY OF THE OPENING OF THE FISHING SEASON

Same or similar story year after year  
until the end. This is the 19th annual  
trip skipping one year—1916—to Sugar  
Island, Maine. Greenleaf's camps were  
never in better shape or more densely  
populated by anxious fishermen.  
On the day of our arrival (4-29-'26) the  
Portland Cement party, 30 in number,  
left. They had been here a week or more.  
We arrived at noon and they left at 3:35  
p. m. and we caught a glimpse of the  
brave and numerous fishermen.  
Sixty-four guests had dinner that noon  
and it overtook the dining room.

publication he has established will be  
continued. He was in his 78th year at  
the passing.  
We got our first trout at Thorofore  
Point and it weighed 3 pounds. It came  
to a "long tail." The four trout taken  
up to this writing weighed 15 1-4 pounds.  
They are all that have come to us. Have  
been reasonably industrious casting a fly,  
more than 25 hours. The fish have not  
come to the shoals and at times conclude  
there are none here. It is difficult to find  
shiners for bait. Capen's boat from Deer  
Island was here the other day and paid

the smallest we have ever seen taken from  
this water. Most of the trollers use  
Archibald Spencers and 3 gauge or 9 hooks  
but a few use single hook with the shiner  
so hooked on as to wobble in an artistic  
manner. Worms and live bait are used  
in still fishing or plug-fishing, as it is  
called, in the Bangley waters.  
The Dennett Party of Boston and Ban-  
gor are here. It consists of four sports,  
four canoes, four guides, with Capt. Rob-  
inson of Greenleaf and his speed boat  
"Rainbow" with a record of 30 miles per  
hour. Its four thousand dollar engine

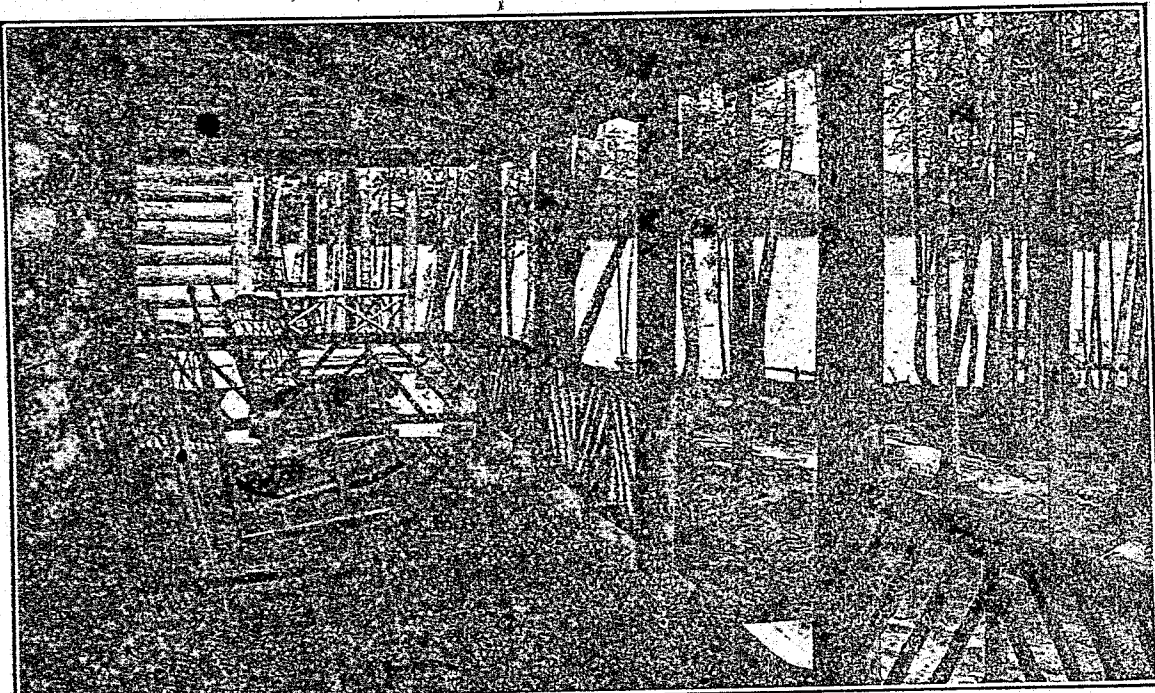

BIRCH POINT, SUGAR ISLAND, ME.

E. A. Greenleaf, Mrs. C. E. Twitchell, 50  
cents per dozen for all that could be  
spared. It cost the Cement Party over  
twenty-five dollars for shiners and for  
other fish bait we lack information.  
Elgin has tried his equipment of dri-  
fies without disturbing the fish. The  
much prized bumble-bee fall through the  
planking on the pier and was lost. With  
worms for bait Elgin has taken three  
trout that weighed 12 1-4 pounds from the  
dock. He patiently holds the baited  
rod and waits, occasionally coming in  
doors to get warm.

Two boxes of ten pounds each have  
been sent home. We recently took ac-  
cess to license shiners and 3-4 that 25  
pounds have been sent out. Allowing ten

consumes a gallon of gas every two miles.  
Its gas tank holds 105 gallons. The boat  
when "let out" goes through the water  
like a streak, splitting the waves and roller  
and is as steady as a "covered bridge."  
If the wind is strong, you should wear  
your oil-clothes, so as not to get wet.  
Carbon Point has not responded as  
yet. It takes 22 minutes to get there with  
the kicker. Here Walter lost a cigar.  
He bet that we would get a fish. Two  
hours of careful fishing convinced him  
that there were no fish on that bar. The  
trollers gave it up as no good. We don't  
if a fish has been taken there thus far  
this season. The shiners have not yet  
come in deep water, hence no trout on the bar.

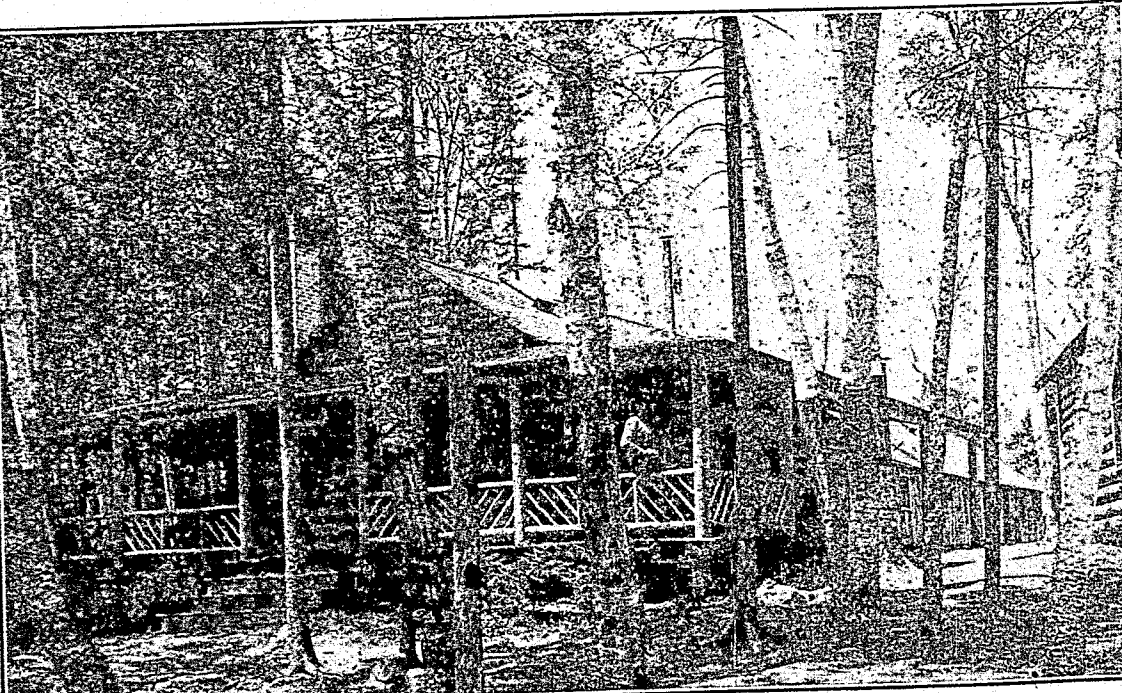

VIEW FROM MAIN CAMP PORCH

"The Hattie" and "Paul McElroy" are  
on the ways and the "Marion" is in  
service, with Seymour Bulmer in charge.  
He was here last year. A new cabin  
is to be put into the "Hattie" and then  
there will be two boats in commission.  
There are three or four motor boats here,  
owned by the guide. Several parties are  
here who employ no guides and get over  
the water by using "kickers" instead of  
paddles.  
We failed to see Mr. L. P. Evans and  
son, Ora. It was Friday and the rush  
of the week's work over, I've with the

pounds to the box, there is 260 pounds  
and twice that weight have been carried  
out when the parties leave. It is reason-  
able to say eight to ten hundred pounds  
of sugar, salmon and trout have been  
brought to camp thus far this season.  
During the eight days of our stay, ac-  
cording to E. A. Greenleaf's score, 202  
fish have come to camp by the different  
fishing parties. Togue are more nume-  
rous than usual. The largest one was tak-  
en by Mrs. Person of Providence, R. I.  
It was of the "silver species" and  
weighed 11 pounds. It was caught at

We got the cigar. One out of the box  
sent by Garfield Walker to Elgin Green-  
leaf—a 7-20-4. We would have preferred  
a six pound trout as that would have  
been out of the usual. Salmon are often  
taken weighing from 6 to 8 pounds, while  
trout seldom go above 5 pounds, while  
on "large there is no limit to the size."  
Caven's, Deer Island, got one that  
weighed close to 14 pounds. He sent it  
home and exhibited it along with his dry  
goods. Later it was mounted by Mrs.  
Nash and will find a permanent resting

women folks, were in Bangor. We looked  
the office over as usual, and the follow-  
ing morning left it running apparently in  
good shape, but the owners were not pres-  
ent. Our old friend, John F. Sprague,  
of the Maine Journal of History, said the  
hotel men say, has "checked out." He  
died a few weeks ago and has gone to his  
long rest. It is doubtful if the historical

This schedule may be changed as to time  
later, but place the same during the  
outing of the Congregational Church  
at Waterford. Mrs. Clark, Mrs. Watson,  
Mrs. Riggs, Mrs. Clark, Mrs. Watson,  
Mrs. Monroe and Ethel Monroe were in  
Norway on Tuesday, shopping. While  
there they called on Mrs. Howard Smith,  
who has been so ill. All were glad to  
find her sitting on the porch.  
Irene Abbott Leopold and baby have  
spent the week at her father's, W. E.  
Abbott's.  
Fannie Green recently entertained her  
nephews, the McKen Bros., from Mil-  
ton, Mass.

Will Ingalls and wife gave Mrs. Perry  
and Mrs. Sargent a delightful ride to  
Norway where all enjoyed a good dinner.  
Mrs. Ingalls is Mrs. Perry's niece from  
Bridgton.  
Donald Kingman and the McAllister  
girls are reported having whooping cough.  
Watson boys and girls are graduating  
this year.  
Mrs. Holden, Mrs. Riggs, Mrs. Clark,  
Mrs. Monroe and daughter were at the  
baccalaureate services at the Congrega-  
tional Church in North Bridgton on Sun-  
day. A very fine sermon and an attrac-  
tive service throughout. Several of our  
Waterford boys and girls are graduating  
this year.  
Mrs. W. E. Abbott is spending a few  
days at her old home in Norway.  
The Watson house is having a fresh  
coat of paint. Will Green and Charles  
Nelson are doing the work.  
Jennie Haynes was unfortunately to fall  
down several stairs, but fortunate to re-  
ceive no serious injury, only some lame-  
ness from the mishap.

**SOUTH WATERFORD**  
Meet of the Sunshine Singing Club—Mrs.  
Hammond here for Summer—Child-  
ren's Day.

The Sunshine Singing Club held their  
first out of door meet on Friday. Chas.  
Rice, Laurence Rounds, and Albert Rice  
made the trail which was followed by the  
club members. The trail brought them  
through the old road to a pretty, piney  
spot. Here a one-legged race caused a  
great deal of excitement. The prizes  
were won by Christine Gardner and Lau-  
rence Rounds. A picnic supper of de-  
licious sandwiches, cakes, etc., was  
served by Mrs. George Rice and Miss  
Monroe. The favors were dainty baskets  
made by each member and they were so  
pretty and original. Much praise is due  
the children for the making of such. All  
went home full of happy memories.  
Mrs. Jennie Hammond of Medford,  
Mass., arrived on Monday to spend the  
summer with her brothers. Henry and  
Fred Hayes. She left Boston at noon  
and was in Waterford some after six o'-  
clock. Good time!  
Dorothy Holden and Ruth Rounds of  
Waterford spent Thursday visiting the  
Academy at North Bridgton. Both are  
to attend that school the coming fall.  
W. K. Hamlin and wife, Mrs. W. W.  
Watson and Mrs. Freeman Haygood  
were in Norway, recently, shopping.

Children's Day at the Flat was just  
fine, in spite of sickness which kept sev-  
eral of the children at home. All the  
children did fine, and Mr. Townsend's  
children did fine. The children were fine for both

Mrs. Ardelle Kimball entertained her  
sister, Myrtle, and husband, over the week  
end.  
Mrs. Charles Hamlin has been ill from  
a cold. Is better again. Her daughter,  
Annie, was in Waterford, Sunday.  
Horace Allen put Mrs. Monroe's wood  
into the shed and at present is putting  
Mrs. Perry's six cords under cover. He  
is a handy man for our village.  
Donald Plummer Knowles is to marry  
Alice Knott of Montrose, Colorado, on  
Tuesday. His grandmother was Sarah  
Monroe of this village.

**HEBRON**  
Mr. and Mrs. C. W. Cummings attend-  
ed the commencement exercises at Lee  
Academy last week, Miss Mariop Cum-  
mings, a teacher there, and Lawrence,  
a student, returned home with them.  
Mrs. H. E. George was hit in the eye  
by a baseball at the Hebron-Kent's Hill  
game, last Saturday. Mrs. George came  
home from the hospital only a few weeks  
ago. Saturday was the first time she  
had been away from home since her re-  
turn from the hospital.  
Mr. and Mrs. A. M. Richardson, Mr.  
and Mrs. Norman Richardson, and Albert  
Richardson of Portland, spent the week  
end at Oakhurst, their Hebron home.  
They met many friends at church, Sun-  
day. Mr. Richardson attended the trust-  
ees' meeting, Monday, at Hebron Acad-  
emy.  
Mr. and Mrs. Alton Conant have moved  
to a farm at Canton Point. They have  
bought a large farm there.

The trouble with this country is that  
the investigations always costs the dear  
people more than the reductions in prices  
brought about by the investigation.

## NORWAY VICINITY Legion Auxiliary Conferred Medal

Eva M. Jackson Won Medal—Two  
Honorable Mention

Announcement of the winner in the eighth grade contest conducted by the local unit of the American Legion Auxiliary was made at the graduation exercises Friday afternoon, June 4. This contest which is to be an annual affair, is a part of the National Americanism program. Any girl in any eighth grade in the town may compete for the bronze medal which is awarded at the close of the school year. Eva Marion Jackson of the Millville school ranked highest in the six points upon which the judges based their decision. Those points, of equal value, are: Honor, Courage, Scholarship, Leadership, Service and Americanism. Three of the requirements in Americanism are: knowledge of the Flag Code, memorizing "The Star Spangled Banner" and writing a creditable essay upon an assigned subject. The topic selected was "What My Reading Has Taught Me About Adequate National Defense." The papers passed in by these girls in their early teens showed study and thought and were most pleasing to the committee in charge.

Copies of the Flag Code have been distributed by the Legion Auxiliary not only to the eighth grade but to the other grammar grades and the high school thus giving some three hundred pupils an opportunity to become familiar with the history of the United States flag and the correct method of displaying it upon various occasions.

Much credit for the success of this first contest is due the teachers of eighth grade girls who cooperated splendidly with the auxiliary committee and acted as judges with the chairman of the Americanism Committee of the Auxiliary, the president of the Auxiliary and the Commander of the Legion.

### PRIZE WINNING ESSAY

What My Reading Has Taught Me About Adequate National Defense

There is much discussion at the present time on disarmament. Shall we disarm or shall we be prepared to defend ourselves? On the side of unpreparedness, what has history taught us? Think of the Revolutionary War when every man and boy went. They had no training, some of them could hardly aim a gun or musket. And the Civil War, the Spanish War, the great World War, think of them. We were not prepared.

I know we won, but we had a large debt to pay, not only in money, but in death's toll. We are still paying on the money debt, but the death toll can never be paid.

Would a man leave his family unprotected in case of danger? Of course not. Nor would he leave his most valuable property where it would be subject to burglary. It is the same with the United States. Why leave her unprotected, our most valuable property?

Roosevelt said: "Unpreparedness was 'Chiefly Helplessness.'" Even Wilson, our latest war president, who so strongly opposed preparedness, said, when we entered the war, that he regretted that we had not prepared ourselves.

We all know the condition of Europe today. She is in a turmoil. The countries there see and envy our wealth and prosperity.

The true American spirit is loyalty and patriotism. Our nation's only insurance for peace and prosperity is preparedness. Mitchell said: "The best defense is a good offense." The little girl was enjoying some candy which had been hung for her in a June box, when she was taken with a choking spell, and in spite of all her mother's efforts to relieve her, passed away before even a neighbor could reach them. Besides her mother and stepfather, she is survived by her grandfather, A. T. Eastman and a large circle of aunts, uncles and cousins. The funeral was held at the church, Monday afternoon, Rev. Mr. Wyman of Buckfield conducting the service.

Sunday, June 6, was observed as annual roll call and conference meeting at the F. B. Church. Among those who attended from out of town were Mr. and Mrs. F. E. Jaeger of Auburn and Mrs. M. C. Hutchinson of Portland.

Mrs. F. H. Woodward attended the State Baptist Convention at Rockland, last week.

R. G. Beals has returned home from Livermore Falls, where he spent the winter; he is in feeble health. His daughter, Mrs. May Dinmore of Anson, has been with him a few days.

Would it have been able to fight for the neutrality of Belgium as well as for our own country? Of course it wouldn't. Real preparedness will not be content with a patriotic of peace less true and loyal than that of war. We must have war and be prepared that we may have peace. "And hope that the day will come when nations shall not lift sword against nations, neither shall they learn war any more."

I hereby pledge my word of honor that I have written this essay myself. I am thirteen years old.

Jessie E. Noyes.

## OXFORD—FORE STREET

Family Gathering—Picnic at Lake Christopher—Backward Season, and Bees Gathering Honey Slowly.

A party of nineteen gathered at Mr. and Mrs. E. E. Twitchell's when their children and ten grandchildren were there Sunday, June 13, in a family reunion. The day was also the birthday anniversary of Miss Mary, daughter of Mr. and Mrs. A. Twitchell. The reunion was in honor of Mrs. Melissa Twitchell Giles of Skowhegan, who with her young child, was at her parental home, E. E. Twitchell's, on a two weeks' visit.

Mrs. Jesse Edwards, Mr. and Mrs. Henry Russell and children, Gleason and Esther, of Norway, were at E. E. Twitchell's, calling, this past week, also Roy Witham of South Paris.

June 9, Mrs. Christina Twitchell accompanied by her daughters, Mrs. Giles and Miss Christina, with the granddaughter, Geraldine Giles, and sister, Flora Cummings, motored to Bryant's Pond, having a picnic lunch by the shore of Lake Christopher, calling on Mrs. Ella Sweetser, at her daughter's, Mrs. Russ's of Woodstock, also on C. Judkins Cummings of West Paris, and family.

Flora Cummings accompanied Ai Twitchell, Thursday, on his bee route, through Norway Center and North Norway. The apple trees were in bloom and other blossoms struggling to mature; the weather has been so unfavorable and backward, he found the bees had accomplished but little in their line of honey gathering.

Mrs. Christina Twitchell motored, with her friend, Miriam Pike of Norway, to Portland, Tuesday, for the day.

No doubt that there is much of interest done by others than Twitchells this end of the street, but this correspondent has been so occupied going hither and yon, there is no knowing what, so will close the list by adding that Sunday, June 13, C. J. Cummings and family of West Paris took his mother, Mrs. Flora J. Cummings, to Gibson's Grove, where they enjoyed a picnic lunch. Mrs. E. T. Judkins of North Norway spent the hours at the Grove with them. Many auto parties were there, proving that though previously they might have been to see Mollie and Gram, this beautiful spot was still remembered and appreciated.

WEST GREENWOOD Mrs. Cross and daughter were calling in this vicinity one day last week. There were a few from this vicinity went to the auction at Bean's Corner.

Miss Heath, who teaches at Greenwood City called on Miss Chapman, Saturday, also on Mrs. Dearden and Miss and Mrs. Harrington.

Bernard Harrington went to Lawrence, Wednesday, to his cousin's wedding; his sister, Nellie, was there also.

Ernest Cross was in town, Sunday.

Flora Cummings and daughter and Miss Richardson called on Mrs. Hulbert one day last week.

Gertrude Harrington, with her school children, took in Children's Day at Hunt's Corner, Saturday.

Mr. and Mrs. Hulbert were in town, Wednesday.

F. E. Russell was in this vicinity one day last week.

Tom Green and family were callers in town, Sunday.

**PAYING SPOT CASH**

While the "installment plan" grows in popularity and the "charge it" habit spreads, there are still thousands of people who pay spot cash and have interest coming in instead of going out. So many of them line up at our receiving windows that we have decided to build a larger bank building to make room for them all.
